100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

**APPLICATION FOR PERMIT UNDER  
POLLUTION CONTROL ACT**

THE following application for a pollution-control permit by Cominco Ltd. covers a project to dispose of gypsum resulting from the Company's fertilizer production operations near Kimberley by storage in an impoundment area approximately 1 mile east of the plant. This project is the culmination of extensive engineering studies toward finding an alternate to releasing the material into the St. Mary River system. Diking and settling action in the impoundment would prevent gypsum from entering the river.

*Use of Emergency Area.*—An emergency impoundment area, bordering the St. Mary River just below the confluence of Mark Creek, will be reserved for emergency use only, in the event of any mechanical failure of the pumping system. Capacity of the emergency storage area will be sufficient to handle any conceivable condition.

Cominco Ltd., of Trail, B.C., hereby applies to the Director of Pollution Control for a permit to discharge effluent from a phosphate fertilizer tailings impoundment located near Marysville, B.C., into a drainage channel (with emergency disposal of tailings to Mark Creek), which flows south and discharges into St. Mary River, and gives notice of its application to all persons affected.

The point of discharge shall be located approximately 900 feet south and 850 feet west of the north-east corner of Lot 2377.

The land upon which the effluent originates is Lot 12945 (fertilizer plant) and parts of Lots 7007, 7224, 8878, 10367, 11605, 11610, 11611, 11612, 12946, 15485, and 15486, all in Kootenay District.

The quantity of effluent to be discharged is as follows: Maximum rate, 6.7 cubic feet per second, 2,500 imperial gallons per minute; maximum 12-hour discharge, 1,800,000 imperial gallons; average 24-hour discharge, 3,600,000 imperial gallons.

The operating season during which the effluent will be discharged is continuous.

The characteristics of the waste before and after treatment are as follows: Suspended solids (p.p.m.), 150,000 average before treatment, 30 average after treatment, 0.6 average at emergency storage outlet, 50 average at St. Mary River, Wycliffe; total solids (p.p.m.), 154,600 average before treatment, 4,600 average after treatment, 4,200 average at emergency storage outlet, 200 average at St. Mary River, Wycliffe; chemical oxygen demand (p.p.m.), 1,148 average before

treatment, 270 average after treatment, 18 average at emergency storage outlet, 11 maximum at St. Mary River, Wycliffe; pH range, 2.6 average before treatment, 2.6 average after treatment, 2.6 average at emergency storage outlet, 6.1 average at St. Mary River, Wycliffe; temperature range (degrees F.), 75–80 before treatment, 55–60 after treatment, 55–60 at emergency storage outlet, 45–50 at St. Mary River, Wycliffe; toxic chemicals (p.p.m.), fluoride, 1,350 average before treatment, 500 maximum after treatment, 250 average at emergency storage outlet, 4 average at St. Mary River, Wycliffe.
